Welcome

OUTREACH FREE CLINIC
AND RESOURCE CENTER

Dear Friends of Outreach Free Clinic and Resource Center,

On behalf of the board of directors, staff, volunteers, and most importantly our patients, thank you for joining us tonight.

Outreach Free Clinic and Resource Center (formerly Brandon Outreach Clinic) was established in 1987 by a group of concerned individuals in the Brandon Community to create a way for uninsured individuals to access health care. Lacking financial resources to purchase medical care many of our neighbors were going without treatment or were seeking health care in the emergency room. The clinic's vision was to create a safety net for uninsured individuals who were falling through the health care gap.

More than 34 years later, the clinic has had a positive impact on countless patients, many of whom credit the all volunteer medical providers with saving their life. It is because of community supporters just like those of you who are here tonight that enables us to continue to serve this community. And, it is through your support of Outreach Free Clinic and Resource Center that you too are responsible for saving a life! You are a hero.

Thank you for your support,

Executive Director
