Creative End of Year Giving to WEDU PBS

There are many wonderful ways to support WEDU PBS during this season of giving by considering creative non-cash gifts such as:

IRA Charitable Rollover

Individuals who have reached age 70+ can donate up to \$100,000 to WEDU directly from their Individual Retirement Account (IRA), without treating the distribution as taxable income. Giving from your IRA is a great way to satisfy your Required Minimum Distribution (RMD) tax-free and support WEDU's mission to serve the public good. To satisfy your RMD on your 401(k), talk to your financial or tax advisor about rolling 401(k) monies into an IRA to make a tax-free charitable contribution to WEDU.

Gifts of stocks, bonds and mutual funds

Donating stock or mutual funds that you have held longer than one year and have appreciated in value directly to WEDU is a savvy giving strategy to avoid capital gains taxes. Consult with your financial advisor to help leverage your gift for the best tax savings. Remember, sometimes it might be more tax advantageous to sell depreciated stock and give a gift of cash to WEDU -- a double tax savings!

Donate your car, motorcycle, boat, RV or even a kayak!

We make donating your vehicle as simple as possible! You benefit by being able to reduce your taxable income when taxes are itemized. Plus, you avoid the costs associated with selling your car. No need to pay for advertising, no loss of privacy and possible security risk, and no need to pay for vehicle registration, or insurance.

To explore other opportunities for cost-effective charitable giving to WEDU request our *FREE Guide to Effective Giving After Tax Reform* at www.wedu.org/plannedgiving or call (813) 739-2959.

For more information on creative giving to WEDU, call (813) 739-2959 or email giving@wedu.org.

Including your public television station in your estate plans will help ensure that future generations will enjoy the educational and diverse programming that WEDU offers will continue.

For information visit www.wedu.org/plannedgiving or contact Larry Winegar at (941) 375-9435 or via email lwinegar@wedu.org

CHILDREN'S PROGRAMMING PARTNERS:

NATURE

Snow Bears

Witness the incredible journey of newborn polar bear cubs as they leave the safety of their den for the first time. Bravely led by their mother, the cubs must make the perilous 400-mile Arctic trek to the sea to feed. Narrated by Kate Winslet. This episode airs at **5 p.m. Saturday, Dec. 1** on [WEDU](#).

Mystery Monkeys of Shangri-La

This spectacular film is the true story of a family of Yunnan snub-nosed monkeys living in the highest forests in the world. Only recently discovered, snub-nosed monkeys are hauntingly beautiful primates, different and gentler than others of their kind. Elfin-like, they seem both childlike and wise beyond their years. This episode airs at **8 p.m. Wednesday, Dec. 19** on [WEDU](#).

H Is for Hawk: A New Chapter

After the unexpected death of her photojournalist father, Helen Macdonald overcame her grief by training an adult goshawk, one of nature's most notoriously wild and free-spirited birds of prey. This episode airs at **8 p.m. Wednesday, Dec. 26** on [WEDU](#).

NOVA

Ghosts of Stonehenge

Stonehenge is the grandest and most enigmatic of Europe's prehistoric monuments, and has inspired countless theories to explain who built it and why. Join NOVA as they reveal intimate details of the Stonehenge people and why their power began to fade soon after they raised the mighty stones. This episode airs at **9 p.m. Wednesday, Dec. 19** on [WEDU](#).

Apollo's Daring Mission

The in-depth story of Apollo's riskiest mission: a sixteen-week race to beat the Soviets and send three men in a tiny space capsule to, around and back from a moon a quarter of a million miles away before 1968 came to a close. To mark the 50th anniversary of this historic mission, Apollo 8's astronauts, Commander Frank Borman, Command Module Pilot James Lovell and Lunar Module Pilot William Anders reconvene and tell the story about the incredible science, extraordinary engineering feats and huge technological challenges that enabled them to go where no one had ever gone before. **9 p.m. Wednesday, Dec. 26** on [WEDU](#).

WEDU PBS ORIGINAL

WEDU QUEST

Fifth graders in Pasco County schools are being introduced to the science of Aviation. Their STEM Mobile Aviation Lab includes flight simulation, 3-D printing, virtual reality and programming drones. A speech pathologist examines the amazing abilities of Tuvan Singers from Siberia. Additive manufacturing and its role in military applications will be examined on WEDU QUEST at **8:30 p.m. Dec. 13** on [WEDU](#).

WEDU PBS ORIGINAL

SUPER WOMAN RX WITH DR. TAZ **LIVE**

Unlock the secrets for lasting health, perfect weight, and increasing energy and passion. Modern womanhood means juggling multiple roles while being expected to look perfectly composed. Dr. Taz addresses these challenges in a frank, prescriptive way. This episode airs at **8 p.m. Monday, Dec. 3** on [WEDU](#). Repeats at **3 p.m. Tuesday, Dec. 4** on [WEDQ](#).

HEALTHY BRAIN - HAPPY LIFE WITH DR. SUZUKI **LIVE**

Meet Dr. Wendy Suzuki, a neuroscientist who transforms the way we think about our brain, health and happiness in an informative and inspiring special. Dr. Daniel Amen talks about how you can improve your memory and even rescue it if you think it's headed for trouble. Dr. Amen has developed the mnemonic "Bright Minds" to help you remember the 11 major risk factors that steal your mind. Most of these risk factors are either preventable or treatable. This episode airs at **9 p.m. Saturday, Dec. 1** on [WEDQ](#). Repeats **10 p.m. Friday, Dec. 7** on [WEDU](#).
